In certain cases, original copies of international transcripts and degree certificates can be returned. We urge you to print and keep a copy of your submitted application.

If you would like anyone else to have access to that information, please note that person’s name and address in the appropriate fields in Part 1 of the Personal Data Form in this application. Be sure to inform the Graduate Division in writing as well (Graduate Admissions, 309 Sproul Hall #5900, University of California, Berkeley, CA 94720-5900).

II. QUANTITATIVE PROFICIENCY
Quantitative proficiency will be evaluated by the admissions committee during the application process. These items should be sent in an envelope marked “Supplemental Application Materials” to:

Evening & Weekend Berkeley MBA Admissions
Attn: Application Materials
Haas School of Business

TRANSCRIPTS
You must submit one official transcript from your degree granting institution(s). You must also list each of these schools in the education section of the application. Do not list or send transcripts for seminars, ESL classes, professional development courses, computer certifications, language courses, art courses, etc. unless relevant to the application.

Transcripts must arrive in a sealed envelope as issued by the school. Transcripts may be sent directly by the issuing institution or by the applicant, together with other supplemental materials to the address provided on page 4.

Note: Scanned and uploaded copies are not considered official, but we encourage applicants to upload a copy of their transcripts with their application so it will be on file for review in the event that official transcripts are delayed.

Those applicants who have attended UC Berkeley previously may obtain their transcripts by contacting the Office of the Registrar, 120 Sproul Hall, Berkeley, CA 94720-1902 and request that they be sent to Evening & Weekend Berkeley MBA Admissions at the address above.

Non-US Transcript Submission
You must obtain one official transcript from every college/university/graduate institution you have attended since secondary/high school graduation, toward the issuance of a degree. You must also list each of these schools in the education section of the application. Do not list or send transcripts for seminars, ESL classes, professional development courses, computer certification, etc. unless relevant to the application.

You may scan and upload copies of your Non-US transcripts and degree certificates in the online application. Should you be recommended for admission, you will be required to provide our office with the original official records for certification by UC Berkeley’s Graduate Division. Afterwards, we will return these documents to you at Orientation. Official records are original documents issued by the institution that bear the original stamp or embossed seal of the issuing institution and the stamped or signed signature of the appropriate authorizing official. All other documents are unofficial and will not be accepted.

Non-English Transcripts: All official academic records must be issued in the original language and accompanied by English translations prepared by the issuing institution. If you are in the United States and have only an official copy of your academic records or degree certificate in the original language, only translations prepared by the American Translators Association are acceptable. For more information and the directory of members, consult the ATA website. Credential evaluations prepared by other schools or private agencies cannot be submitted in place of original academic records and degree certificates.

Please use the address provided on page 4 when mailing materials to our office.

For additional requirements, please refer to the International Applicants section of these instructions.
GPA CALCULATIONS

- **U.S. Degrees (for schools grading on a 4.0 scale)**
  List the overall GPA for your degree as reported by the issuing institution. In addition, using the scale below, calculate the cumulative GPA for all courses taken after the final term of your second year of study through the award of your undergraduate degree.

  Scale for 4.0 GPA calculation:
  A+ = 4.0  A = 4.0  A- = 3.7  B+= 3.3  B = 3.0  B- = 2.7  C+ = 2.3  C = 2.0  C- = 1.7  D+= 1.3  D = 1.0  D- = 0.7

- **U.S. Degrees (for schools not grading on a 4.0 scale)**
  Do not attempt to calculate a GPA.

- **International Degrees**
  Calculate and list only one figure: your GPA/average score for the entire period of study. Please do not “interpret” grading scales on our behalf by attempting to convert your school or country’s system into the U.S. 4.0 scale.

  Report your average score using the scale utilized at your school(s). For traditional British-style systems (e.g., UK, India, Pakistan), list final classification of honors conferred. For schools on numerical or percentage systems (other than 4.0 scale) in which no final comprehensive examination is required, please calculate and list an overall average for the entire period of study. For systems in which a comprehensive examination determines the final grade (e.g., Germany, Switzerland), list the final examination average. For schools using an A-F letter grade scale (e.g., Japan, Korea), calculate a four-year average using the 4.0 scale above. For other non-numeric systems (e.g., Spain or Spanish-style systems), enter “N/A.”

LETTERS OF RECOMMENDATION
Letters of recommendation provide the admissions committee with third party, qualitative accounts of your potential for leadership and management.

**Requirements**
We require two letters of recommendation. You should obtain one of the recommendations from your current direct supervisor. If you do not provide a letter from your current direct supervisor, you are required to include an explanation in the Supplementary Data section of the online application.

You are responsible for ensuring that both recommendations are submitted by the application deadline. Please do not draft or write your own letter of recommendation, even if asked to do so by your recommender. Such an action can result in denial of your application or withdrawal of your offer of admission. We discourage you from submitting more than two letters of recommendation.

**Choosing a Recommender**
We strongly prefer that both letters come from a current or former employer (within the last 5 years). Select individuals who know you well and who will take the time to write thorough, detailed letters: preferably a current or previous supervisor or an individual senior to you in the organization with whom you have had considerable professional interaction. The title or status of those you select is not important. What does matter is how closely your letter writers have worked with you and whether they can attest to your value as an employee, your professional accomplishments, and your personal qualities.

We discourage letters of recommendation from peers, subordinates, professors, family or friends.
Letter Submission
We strongly encourage your recommenders to submit letters through our online application. When completing the online application, enter the email address of your recommender and click the appropriate box to have the recommender complete an online recommendation. Your recommender will receive an automated email with instructions to log in to the online recommendation form. After your recommender submits the recommendation, both you and your recommender will receive an email confirmation.

If you wish to give your recommenders hard copy forms, you may download a PDF version of the recommendation form. Please review the submission instructions on the top portion of the form.

SUPPLEMENTARY DATA AND ESSAY QUESTIONS
Our short answer questions were created to provoke honest, thoughtful responses to help us get to know you. The essay and short answer questions have fields large enough for you to answer each thoroughly; please do not exceed the specified lengths. If a particular question does not apply to you, please answer “N/A.”

Please note: Our online application does not allow you to format the text of your responses. If you would like, you can copy and paste your responses from a text based application (i.e., Notepad or Microsoft Word).

Official GMAT or GRE results are required of all applicants. All applicants must also provide self-reported scores as part of the application. These are verified later in our process. If you are entering an unofficial test score, please enter “0” in the AWA and IR fields. We will accept official scores from the GMAT and GRE taken as early as October 2011. The Haas School of Business keeps test score reports on file for two years only.

Applicants must register directly with Pearson Vue to sit for the GMAT, or ETS for the GRE, and have results of previous tests forwarded to the Haas School.

- GMAT institution code for Evening & Weekend Admissions is N2V-PT-16
- GRE institution code for Evening & Weekend Admissions is 7884

The computer-adaptive GMAT or GRE should be taken by the deadline for the application round you intend to meet and you must provide self-reported scores when you complete our application.
To arrange a test date or obtain general information regarding the GMAT, please visit the Graduate Management Admissions Council web site at www.mba.com. For more information about the GRE, please visit www.ets.org/gre/.

**INTERVIEWS**
The Admissions Committee conducts interviews of applicants by invitation only, and we ask that you please refrain from contacting us to request an interview. Receiving an invitation to interview should be taken as a sign of interest on the part of the Admissions Committee. Please note that, in most cases, our interviews are “blind”: the interviewer will have only reviewed your resume (not your application) prior to the interview.

**IV. INTERNATIONAL APPLICANTS**
International applicants are those who, at the time they submit an application: 1) are not U.S. citizens or permanent residents or 2) received their undergraduate degrees outside the U.S. International applicants should follow the same procedures detailed thus far, as well as those listed below.

**ELIGIBILITY**
We are unable to determine whether a degree is equivalent to a U.S. bachelor’s degree prior to receiving a complete application. The university’s Graduate Division reserves the right to review the academic records of all applicants whose undergraduate degrees were earned outside the U.S. to determine whether the academic credentials presented for a foreign institution are comparable to the U.S. bachelor’s degree. Furthermore, the Graduate Division decides whether the TOEFL, IELTS, or other English proficiency exam is required in the case of each applicant.

**MINIMUM ACADEMIC REQUIREMENTS FOR INTERNATIONAL APPLICANTS**
The minimum graduate admission requirement includes a bachelor’s degree or recognized equivalent from an accredited institution.

Graduates of recognized academic institutions outside the United States should have completed degree programs representing a minimum of 16 years of schooling with at least 12 years at the primary and secondary level. For the countries listed below, the minimum qualifications to apply are:

- **Australia, Canada, New Zealand, South Africa:** An Honours bachelor’s degree or a bachelor’s degree whose program represents four years of study.
- **Baltic and East European States:** A Diplom, Inzenýr, Magister, or Oklevél diploma.
- **Bangladesh, Burma, India, Nepal, Pakistan:** A bachelor’s degree that represents four or more years of coursework such as the B. Engineering, the B. Technology, and the B. Architecture, or a master’s degree in a nonengineering or technical field.
- **Central and Latin America, Mexico, Portugal, Spain:** A Licenciado or Titulo.
- **French or French-Style Schools and Universities:** The Diplôme, Maîtrise, or a professional title such as the Ingénieur.
- **Germany:** The Diplom or Magister Artium. Holders of the Vordiplom or Zwischenprüfung may be considered for admission only on an exceptional basis.
- **People’s Republic of China:** A bachelor’s degree requiring four or more years of university study.
- **United Kingdom and British-Style Schools and Universities:** An Honours bachelor’s degree.
REQUIRED ACADEMIC RECORDS
Applicants are required to submit official records from each academic institution attended after secondary/high school. Official records are original documents issued by the institution that bear the original stamp or embossed seal of the issuing institution and the stamped or signed signature of the appropriate authorizing official. All other documents, including notarized copies, are unofficial and will not be accepted.

Academic records must show the dates of your enrollment, all subjects or courses, units, credits or hours, exams, and grades in each subject. If rank is determined by the results of comprehensive exams, records should show the examination date and your scores, rank, class, and division. All records must include a complete description of institutional grading scales or other standards of evaluation with maximum grades and minimum marks indicated.

TRANSLATION
All official academic records must be issued in the original language and accompanied by English translations prepared by the issuing institution. Specially prepared English versions are not acceptable in place of documents issued in the original language. If translations are not available from the institution itself, they may be prepared by government or official translators. Translators must state that the translation is a complete and exact word-for-word translation of the original. In particular, be sure that the translator or institution does not “interpret” grading scales by attempting to convert your country’s system into the U.S. 4.0 scale.

The translator’s statement should be prepared on the letterhead of the translator’s institution. Translators must sign their statements in ink and indicate their title. If possible, translators should also use the stamp or seal of their institution. If you are in the United States and have only an official copy of your academic records or degree certificate in the original language, only translations prepared by the American Translators Association are acceptable. For more information and the directory of members, consult the ATA website at www.atanet.org. Credential evaluations prepared by other schools or private agencies cannot be submitted in place of original academic records and degree certificates.

DIPLOMA OR DEGREE
You must also submit an official degree certificate as evidence of the conferral of all international degrees, diplomas, or professional titles. Degree certificates must be issued in the original language. Translations should indicate the exact name of the degree, diploma, or title as it is known in the country of origin and not in U.S. terms. Provisional certificates are rarely accepted and only within the first year following completion of the degree program.

Degree certificates are similar to a diploma in that they indicate the degree conferred, date of conferral and granting institution, but they are not a diploma. In addition, please do not send your original diploma or copies of your diploma.

If your international institution does not issue official duplicate copies of your transcripts or degree certificates, please upload scanned copies (front and back) of the originals with your online application. If you are recommended for admission, certified copies will be required. UC Berkeley’s Graduate Division will certify documents for applicants only after they have been recommended for admission. A notary public’s certification is not acceptable, and American embassies and consulates will not certify academic records.
ENGLISH LANGUAGE PROFICIENCY REQUIREMENT

Applicants who received their degrees outside of the US, from a country in which the official language is not English (for example, India, Russia, China*), are required to demonstrate English Language Proficiency.

To satisfy the University English Language Proficiency requirement, you must:

- Have a basic degree from a recognized institution in a country where the official language is English.
  OR
- Have completed a basic or advanced degree at an institution, in the United States or abroad, where the language of instruction is English and the institution is accredited by one of the United States’ regional accrediting agencies.
  OR

No exceptions will be granted. If you are not sure if the requirement applies to you, please call (510-642-0292) or email us. Your application is considered incomplete until you submit official evidence of English Language Proficiency and your admissions decision may be delayed.

* This requirement applies but is not limited to applicants from Bangladesh, Burma, Nepal, India, Pakistan, Latin America, the Middle East, North Africa, the People's Republic of China, Taiwan, Japan, Korea, Southeast Asia, and most European countries.

** The following courses will not satisfy the requirement:

- Courses in English as a Second Language
- Courses conducted in a language other than English
- Courses that will be completed after you apply
- Courses of a non-degree or non-academic nature.
